Slimline 150

Frame Size:	150mm Welded Aluminium Box Section
Brackets:	Concealed behind back plate
Max Projection:	1065mm
Frame Colours:	Std Powdercoat colours available.
Polycarb Sheet:	Clear, Grey, Bronze, Platinum, Opal

The Slimline awning comes with a clever design to prevent unsightly arm support.

The Slimline 100 and 150 both have the brackets concealed. They simply bolt to the wall and slide inside the frame.

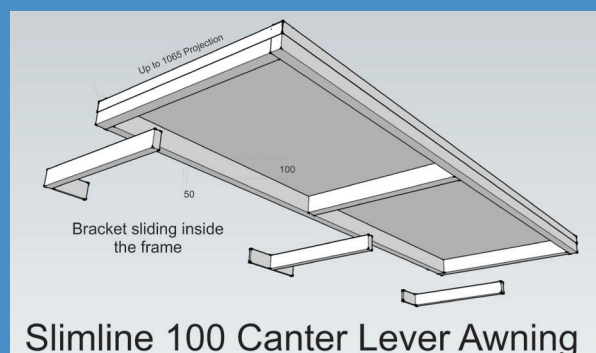

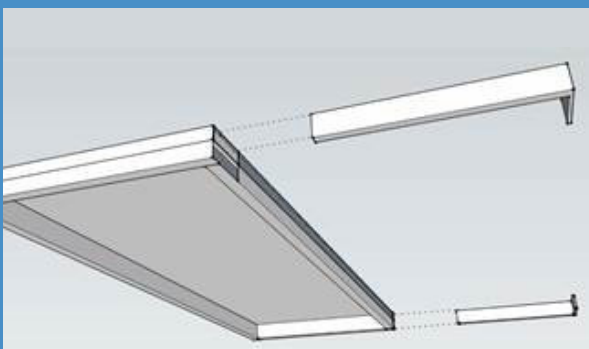

The Slimline 50 has the brackets exposed slightly on the underside. All systems give you that clean look for today's modern architecture.
