FEATURES AND BENEFITS

LUXAFLEX® ALUMINIUM VENETIAN BLINDS

A TIMELESS AND STYLISH SHADING SOLUTION

Luxaflex® Aluminium Venetian Blinds are a simply stylish shading solution. Their sleek, horizontal aluminium slat design is highly functional providing maximum light control and privacy.

We developed the modern Aluminium Venetian in 1946.

Innovation is in our DNA

Since introducing the world to the first modern Aluminium Venetian Blind with thin bounce back slats in 1946, the company behind the Luxaflex brand continues to deliver a premium and innovative Aluminium Venetian Blind range.

Rotate the horizontal slats to control the level of natural sunlight.

Light Control

Providing maximum control and flexibility of light and privacy, Luxaflex Venetian Blinds also assist with ventilation and temperature control to meet your needs. Adjust the level of natural sun light entering the room with a simple open and close movement of the slat. When closed, slats provide a 5mm overlap for enhanced blackout and insulation.

Quality slats made from high tensile "bounce back" aluminium for durability.

Durability & Easy Maintenance

Luxaflex Aluminium Venetian slats are made from a special and flexible high tensile "bounce back" aluminium for enhanced durability. Featuring a superior coating, the Venetian slats are resistant to abrasion, peeling, scratching, dulling and discoloration for low-maintenance and longevity.

Luxaflex Aluminum Venetian Blinds provide a sleek and stylish touch to both classic and modern interiors.

OPERATING AND DESIGN OPTIONS

LUXAFLEX® ALUMINIUM VENETIAN BLINDS

OPERATING AND DESIGN OPTIONS

OPERATING OPTIONS

Duo-Flex operation for flexible light and privacy control.

Duo-Flex® Operation

Combines modern design with maximum lighting and privacy control. Available with the 25mm Standard Venetian Blinds, the Duo-Flex operation allows you to control the top and bottom section of the blind separately for ultimate flexibility and control comfort. Tilt the top section open to filter light into the room and close the bottom slats for privacy.

Cord and Wand operation.

Cord and Wand Operation

Featuring a lift cord and tilt wand, rotate the wand to precisely tilt the slats to any desired angle or into a fully closed position. Use the cord mechanism to either raise or lower the blind. The unique clutch system prevents damage to the tilt mechanism caused by over-winding the tilt wand.

DESIGN OPTIONS

Available in a range of colours and finishes in a 25mm slat width.

Standard Aluminium Venetian

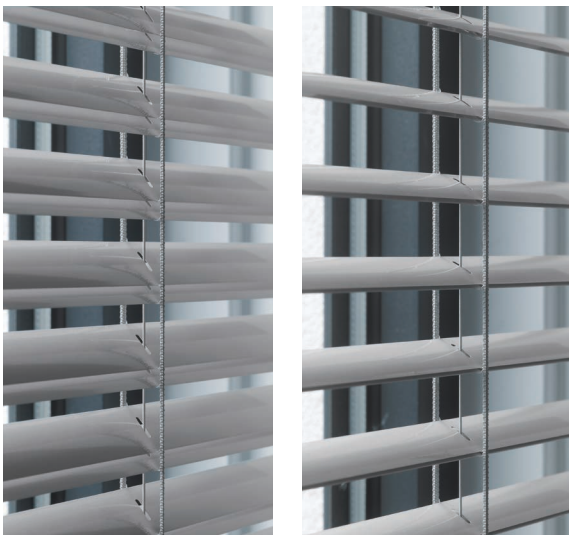

Luxaflex Aluminium Venetian Blinds are available with a slimline 25mm slat in a range of traditional and modern colours. Slats are seamlessly colour coordinated with the hardware system for a premium interior aesthetic.

The Twi-Nighter System eliminates light leakage for a complete blackout solution.

Twi-Nighter® Aluminium Venetian

The 25mm Twi-Nighter Venetian Blind is designed to eliminate light passing through the route holes in the Venetian slats. When slats are closed, the route holes of the Twi-Nighter blind are concealed, minimising incoming light through the Venetian for enhanced blackout and light control.

The Magnaview System creates a 'double view through' when slats are opened.

Magnaview® Aluminium Venetian

The 25mm Magnaview Aluminium Venetian design provides an enhanced view through to the outside by creating a 'double view' through the blind. The improved view through is created when the slats are tilted open, and every alternate slat invisibly connects to the slat above, increasing the view through each slat.

THE LUXAFLEX DIFFERENCE

LUXAFLEX® ALUMINIUM VENETIAN BLINDS

Innovation is our Heritage

Luxaflex Window Fashions has been a leading brand in Australian homes since 1954. With a Dutch heritage, design and innovation are at the core of the brand. The Luxaflex brand has continued to expand the Australian product range, combining the best of international and local innovations.

Industry Leading Designs

Many of our products are patented and exclusive to Luxaflex Window Fashions. Our entire range is engineered and thoroughly tested to meet the high quality standards of the brand, but also to deliver high performance in our harsh Australian environment.

Personalised Service

All Luxaflex products are custom made to your window requirements so they fit perfectly. Our Luxaflex showrooms provide the ultimate experience, from your initial enquiry and showroom visit through to the after-sales service.

Australian Made Quality

Supporting local jobs, most of our product range is made to measure in our Australian factories. Our local production ensures we maintain strict quality controls and faster lead times for our customers. We stand behind our products by offering a 5 Year Manufacturer's Warranty[#].

Child Safety

All Luxaflex Window Fashions are designed with safety in mind and are compliant with the latest ACCC Child Safety Regulations to ensure they can be operated in a safe manner.
