# LUXAFLEX® SOFT ROMAN BLINDS

Soft,  
elegant and  
**effortlessly  
functional**

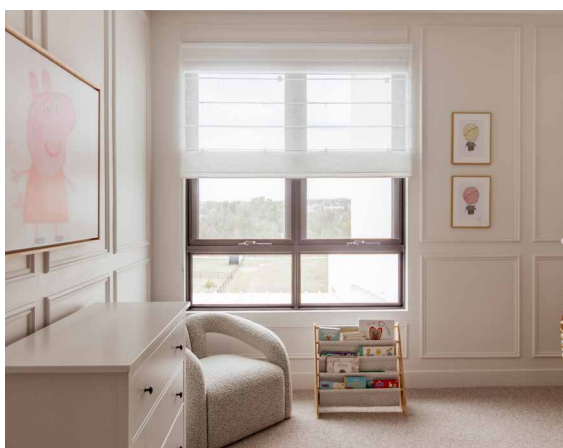

Luxaflex® Soft Roman Blinds combine the gentle drape of curtains with the clean functionality of a blind.

Designed to soften interiors while maintaining a tailored finish, they're ideal for living spaces, bedrooms and anywhere you want warmth without visual clutter.

Available in carefully curated fabrics and finishes, Soft Romans bring timeless style and everyday comfort to Australian homes.

# Style Options

Our Soft Roman blind collection offers two distinct style options designed to suit a range of interiors, from relaxed and contemporary to refined and classic. Whether you prefer a soft, flowing fold that creates a casual atmosphere or a more structured, tailored finish with clean lines, each option is crafted to combine elegant design with everyday functionality.

## PANEL SOFT ROMAN

Designed with subtle horizontal structure, this option delivers a more tailored appearance. Clean lines and a smooth front make it a great choice for modern or classic interiors where a polished finish is key. A fabric pelmet is also available to complete the look for a more traditional, refined appearance.

## RELAXED SOFT ROMAN

Perfect for laid-back interiors, this style features a soft, flowing fold that creates a casual, lived-in look. Ideal for coastal, contemporary or relaxed family spaces.

- **Heavier fabrics and linings**

help reduce glare, improve insulation and enhance privacy.

- **Blockout linings**

Are ideal for bedrooms and media rooms, helping to block light and protect interiors from UV exposure.

## Finishing Touches

### THE DETAILS THAT MAKE THE DIFFERENCE

From premium fabric choices to optional blockout linings and tailored pelmets, every Soft Roman Blind is finished with care.

These thoughtful details enhance both appearance and performance, ensuring your window covering looks beautiful from the inside and out.

# Care & Longevity

## MADE TO LAST, EASY TO CARE FOR

Soft Roman Blinds are designed for everyday living. Regular light dusting will help keep them looking their best, while natural folds and creases will relax over time once installed.

As with all fabrics, exposure to sunlight can affect colour over time. Choosing the right lining can help protect your blind - and your furnishings - while extending its lifespan.

Beautifully finished and **created to last**, combining **style** with everyday **durability**.
